

SPECIAL NOTICE.

Dr. Hartley always prefers to see his patients and make a thorough examination of the nose and throat before commencing treatment, but when it is impossible for the patient to visit Baltimore, on receipt of a full description of the symptoms and five dollars he will send a complete home treatment that will be sufficient, in almost all cases, to effect a cure.

DR. HARTLEY,
326 N. Eutaw Street
Baltimore Md.

Advice free by mail and at the office.
