

If N.R.'s book is full give Royal
and your young stud a shot. I
will be home until Monday night
and will look for it. I also
want you to write me any
news occurring as I will
always find a place for it
now that Poplar Grove has
become according to Harry Brooks
so popular that 20 or more
visitors dine there every Sunday
and many during the week.
Regards to Mrs. E., to Eggs
Ned & your little girl
Your friend
