Dear Sir:-

Yours of the 25th inst. received. I wish to send my mare to your place to be bred to Happy Russell 4494, if so will wish her grained and may have you keep her longer than one month because I do not wish her to come back until you are satisfied she is in foal. Will you deduct anything for the keeping per month? She will have to be grained, your price for which seems a little high in case the mare remains away any considerable length of time, and as I said before I wish her to remain until you are perfectly satisfied she is in foal. Will you guarantee the mare to be in foal provided I will let her remain with you say six weeks? In what way can she be best sent to Centerville? She is only 3 years old and should not be driven very far now on that account as well also as by reason of an injury to her hocks received not very long ago. If I should send her by way of Baltimore, Chesapeake & Atlantic R. R. to Easton how far is it then by County Road from Easton to Centerville, and is there any point on that Road nearer to Centerville than Easton?

Yours truly,

Geo. W. Purnell,
