Williamstown, W. Va., Sept. 9th 1893

Mr. Edward B. Emory,
Centerville Md.

Dear Sir:

Yours of 26th Aug. came duly to hand and should have been answered sooner but for our absence, attending the Worlds Fair.

As you say the colt is not at all handsome, but we think the chances are good for his becoming very speedy. He is a strong fellow, and will get better looking as he grows older. We do not wish to keep him, as people who want Happy Ruffel colts, do not come here to look for them, and as it is expensive transporting him so far, we would like if you would make us an offer on him. We will let you have him for much less than his value.

Make us some kind of an offer, which will include your bill on him, and we will give you a chance to make money on him, by gelding him, and fixing him up for sale next year. Let us hear from you soon.

Yours truly,

Henderson Bros.

(Sacramento has got two new ones in the list this year.)
