1/2 in 120 - last quarter in 38 1/2
This was the 2nd time - Defiant workman
he has the devil in him - week crooked.
2nd time Chum put a pole on him - and
at the finish of the last quarter he
was only getting ready to trot. After
seeing him yesterday I firmly believe
the ³² from him one ^{and} Pulley in ³²
I ³² can now ³² it any ^{and}
to ³² 1/2 mile ³² was for ³² 2 yds -
- tent ³² had not been worked since the ³² main
of last week - and the coach had to go on
the outside. Brown could not get Paine
to go there better than about 9/10

Yrs Truly,

Wm. Brown
