Baltimore October 12th 1891
Mr. Genl. W. Croxey
Centerville Md.

Dear Sir

I presume there was
some misunderstanding
when you were in my
office some few weeks
since, I was under the
impression that you
intended driving my
mare and if she proved
to be all right you would
write and then I could
come or send for her
as I have heard nothing
since I scarcely know
how to interpret it, but
presuming you have
found yourself too much
engaged with the various
travelling races etc you
could not spare the time

acting upon the presump-
tion that if she is not well
she at least should be
after a prolonged vaca-
tion, I will enclose you
a check for \$50⁰⁰ and
have you send her up
on boat Tuesday or
Wednesday either day I
shall have a man to meet
her on arrival of boat.

Respectly,

H. P. Duck.

Hoping you have had
a successful season,
and regretting that I
have had to forego the
pleasure of your hospitality
as well as seeing of your
much coveted brood all
of which has not been of course
but owing to the difficulty a
physical has to remain away from here
