

slowly but I think she
will be ready for business
soon as I get over my
rush and have time to
drive her - Ami Avon
is the coming racer
drove her last Tuesday
300 and 255 on awful
poor track, grass, holes
and mud and I had
to go middle and outside
the whole mile - heavy
75 lb sulky - so you
see I am having my
usual luck in finding
some speed in what I
drive. Presume Bebourne
is improving and will
reduce his record of '40
this fall -
