

sold for a trotter. He is
very long gaited, steps
(when speeded) his hind
feet over his front tracks
of feet. If you
happen to know of a
spot to put him in for
\$200 — please do so, he
is worth every cent of
it now, and can be made
worth very much more
as he is a pure trotter.

Merry Russell (bro to Victor) is
growing nicely, is straightening
up in his legs and is a true
pacer — he either runs or
paces — never trots.

Yours
