West Chester Pa. 8mo 19th 1886

Dear Friend

I suppose she will remember me having bought the Filly Bertha the spring of 1887 at my sale

I am now living in West Chester I think I have heard that there is a great deal of wheat grown near there I write to know if there is any wheat straw baled in that section if so what it is worth per ton say delivered in Phila^a as the freight will be the same as here
