Mr. E. B. Emory

Dear Sir

Your letter received yesterday
You may breed my mare
to Antean you may use
your own judgement about
weaning the colt but I
don't think I would for it
will have to follow the
mare home next Thursday
week if a good day and
perhaps it might not want
to follow as well if the
weather gets bad for you
to have to put my mare
in the stable I don't want
her fed on any grain
