

Chance told me when I was over at
Salimore 2 weeks ago you were
only charging \$35 but be sure
and make it to the people \$50
as I told them that's what he
was standing at

The same time I told him
you were standing the horse
at \$50 so make it that
about keeping her 3 months
he means on grass I didn't
know whether it was
\$1 or \$1.25 a week so let
him know as soon as
possible before he gets
out of the humor I remain
