

I told Hull to get a
place to Board and tell
them I would see the
Board paid, from the
tone of your letter it
looked if I was telling it
around that Hull stole
my Robe. I have never
mentioned to any one that
I suspected Hull of taking
my Robe except your self
when Hull came back
after I missed the Robe
he asked him if they did
not get my Robe he said
he did not and that was all
I said to him.
