

Wace will bring with him
a couple of electric bandages
and if you think it advisable
he can put them on the coles
before starting - Am glad
to hear that he is improving
so nicely, and I promise
to keep his legs & feet in
good shape so that he
will make a good showing
this fall.

Send bill for my further
expenses incurred on him.

We will look after
Happy George when he stops
here on his way to Dover.

Yours Truly

F. D. Scammon
