My dear Sir—

Your letter of the 19th inst
arrived while I was absent from
home. It would seem that in
patronizing your stallions the
owner of the mare has everything
to risk. A mare may prove absolutely
barren & upon the other hand
a stallion may prove impotent.
Again a mare may be hard
to catch which is only another way
of saying that she is barren at
intervals. This applied to the opposite
sex would mean that a stallion's
reproductive powers were likely to be
