

an invitation from you direct than
through me. You might also write
Jim Todd at Denton and ask him to put
me in with him. He could send the mare
stiffly for next two weeks then send her
to Poplar Grove and I could drive her
in the race — if he has no other driver.

If Frazer and Hayden do not start I will
have to start Lady, and I expect to start
her anyhow unless her entry scares the
others out. The point is this I will keep out
in order to have them both in — they can
give Victor a better race than Lady could
but they don't think so they are afraid of
Lady — Leo Frazer "tackled" her last fall
and got the flag — and they don't take into
consideration a big leg and out of condition
now.

Have you written Bowdel if not I suggest that you
write him a proposition, he will then call on you
and talk about stud business.

Don't forget to write Hayden — Frazer — Ford and
Bowen — and also Todd — If the latter tell
him to go to joggling at once —
