

mitted time to serve this
mare now might there be
any truth in this matter?
to mare in to foal in September.
If there be any truth in the state-
ment the mare can be bought
exceedingly cheap and would
be of service ⁱⁿ light work for
two months yet. Now this may
seem a strange question to
ask you but if there be ac-
tually in it I would purch-
ase and send away to a person
that simply wants a mare and colt that
likely would go, down about 3 minutes.
