Dear Sir:

I am getting up a new catalogue & write to you for a little information, which will be greatly appreciated if given.

I wish to know if you campaigned your Regal Milker filly this season & if so how fast she has gone. Has she a record?

I suppose you had her in training even if you did not race her, & if this is the case, how fast did she show you in trials.

I wish to say something complimentary of Regal Milker colts in the catalogue, & want to know what you think of your filly.

What do you intend doing with her next season & how fast do you think she will go?

When was your filly foaled.

Hope you will answer this at your earliest convenience & thanking the in advance, I am

Yours Very Truly

Jas. F. Callaway.
