Dear Mr. Curry

I got back Sat. as I was fortunate enough to meet a N.Y. dealer and made arrangements to put my horses on an express car he had engaged and shipped home with his horses. I bought another after I wrote to you. It is a black 2 year old from the Hamlin farm by Electric Bell he by Electioneer. 1st dam by Mambrino King. 2nd dam by Toronto Chief. Her first dam is full sister to one with a record of 2.08 1/2 and another with record of 2.16 3/4.

Her 2nd dam has two in the list. This one is a very fast filly but as I could not look her over in the sale ring and had no idea of buying her before I saw her step in the ring I did not see until I got her out to the cars that she had what I think is a spavin. It is small and does not hurt her when trotting. So will let it alone until you come up and look at it. She is the fastest 2 year old I have. I have them all up the Country now. Hope you have succeeded in getting a man on your place.

Yours Truly
J. Lee.
