Mr. Wm. D. Emory: Centerville Md.
Dear Sir: I was up the 6th recd,
and in reply to same can only say,
that while I wanted the man to drive I
was still more anxious to get a coach
and feeling assured she was not in
fool - I thought she had better go
back and remain there out - same
as Lady Gay. I wrote you from my
house Tuesday morning, which letter
I presume you had not received at time

Handwritten note on the right margin: "I wrote last letter" and "your worst letter"
