

horse does not come again -
He wants to drive the mare to
your place for service - I think
I would advise you to do it for
him - as the mare is bred right
for Russell cross - "big" by Boston
out of mare by Brooks Barlow Jr.
if the mare has a foal by Russell
we can keep our eye on it and
if all right perhaps can buy it
cheap - I do not think it is
worth fooling with these dummies
any more - I tried to get a horse
and he immediately told me

You directed me to offer him for service
"three years time after colt is foaled" and
that he replied "no he won't feed the
mare free etc - all of which is a
great big "not so" but makes a bad
impression, as plenty of people are
ready to believe such stuff - let me
know about Bay's mare (old man)
