

Sorrel with a white spot in its
forehead and a little white strip
down along side its right nostril.
It is a good size and seems
to be all rite now. I havent
fairly thought the matter over
yet but think i will bring
the old mare and colt down
as soon as the weather and
roads gets good. Polka and the
Russell Fillee i want them to
go to a mile track but dont
know where yet I will let
you know ~~so~~ you will be at
home when i come down.

Yours Respect-ly
