Mr C F Emory

Dear Sir

We have as
seen wheat and in an Old Car
No. 1344 93 to you credit.

We have no answer from you on the
subject - and it may be that prices
should go to credit of, etc.

I have noted the difference of 7¢
in the face -

The sample given us was from
wheat - even to Gambier - who
sampled and after tasting at
about half - the answer was of

mixed wheat - long berry - fairly
well but not of the shipment
was of uniform quality than some

wheat was desired from Granary
in place of yours and to go anyway -

We wish so that you may be able

To investigate - Very truly yours I. M. Parr & Son
