

Attractions to make me
wish to visit your house-
hold - but my trips to the
West exhausted my
vacation. But I know the
invitation will hold good
and shall look forward
to availing myself of it
at some future day.
Meantime I hope that
we will not have to wait
until then, to make the
acquaintance of Mrs.

Emmy and your daughter
but trust they will make us
a visit this fall or
winter whichever is most
agreeable to her. I shall
write later and fix a time
