

figure. The mare we bred in the Spring is not infal, she is now in season & I doubt very much as to the little mare being infal. What can you do for us on the first named mare from now till first of March, can't you make make us a favorable offer. Seems hard to invest so much money and not get a Russell either. Scott's mare is infal. If you conclude to send us Royal Russell we can furnish you stable feed and also give you 4 mares.

Yours Respect
Thos. Callahan
