

~~You~~ held your services so high
I expected to have to pay \$30.00
however as that is the amt.
I have always paid Greenway &
is the price charged here don't
understand me as depreciating
your services however you
have a right to charge just
what you please I do not feel
able to pay that figure however
as don't handle the coll.

If the bay mare had produced
foal & the roan mare too I would
have sent you my check for \$100.00
As however neither were in foal
and they were both at your farm
at my expense I did request you
to breed the roan mare again
without charge - I took the mare
away from your farm when
you agreed with me that she
had been there as long as necessary
