

and because I wanted to give
her a chance in her three year
old form to show some speed - after
handling her since she returned
from your farm she showed me
a half in 129 a mile in 305
and I did not want to turn her
out & lose the advantage of her
present form - If you will
will give the mare more
a double trap with Happy
Russell when she shows in
season - which must be in
a few days as she has been horsing
for last two weeks - and will
notify me at time I will send
for her and continue to have
her handled - and if she proves
in form I will forward you
my check for \$100.00 if not
you will have served two mares
for which I paid you \$50.00 & the feed bill.
