

take the horse as early as March and then
win the race, though my trainer has
a point of the race and its but justice
to him to take his advice. To show you
how well the owner of my mare Sam
thinks of her he has bred her to "St.
Bell" [300⁰⁰ stud fee] and it cost him 100⁰⁰
to get her to Franklin Pa and back.

Your horse is well enough bred to go as fast
as any mare horse with the blood of
"Happy Medium", "Woodford Albion", "Seeley's
American Star" and "Miss Russell" he can claim
near him to the Kings and Queens of the
turf. Sam Nelson of this city has seen her
both your horse and his daughter in races
and he tells me they are all your claim
for them and more too. It seems to me
you let "Happy Bee" go a trifle too cheap
as of now of no two year old with a
brighter future, however you know best.

Chicks showing at the show they add
additional glory to the name of "Happy
Medium". It was a great race, and won
in a style to let you be proud of it.
