

some one else. If you remem-  
ber rightly she was to stay  
the entire Winter until Spring,  
let out on good days and  
grain fed. When I send  
for her I will then settle  
for her entire keeping.

I wish her to stay until in  
foal and the horse to be  
Happy Russell as understood  
between us. There are a great  
many persons here talking and  
doubt that the horse will be  
Happy Russell as there are  
other studs on the farm.  
I hope I will get him, as I  
think a lot of the mare.  
Hoping to hear soon

Remain Respectfully  
G. H. Spafford
