

I have sent your letter to Nailor  
and have written him to decide  
when he can send to Ball's for  
the mares and to let you  
know what day to ship them.  
I hope they will both prove  
in foal - I had a letter from  
the Presdt of the Va. Breeders' Assn.  
last week telling me that he  
had appointed a Committee to  
confer with a Committee from our  
Assn. to agree upon a satisfactory  
plan of combining the two Assns.  
I wrote Col. Baughman at once  
asking him to appoint a Com.  
and asked him to put you on  
the Committee - I hope he will  
not do as he usually does  
in such matters and not answer  
my letter. The Committee will  
meet in Washington & I would  
like to have you stop with me.  
I will write you again as soon  
as Baughman answers my letter

Yours Sincerely - Prof. White
