Dear Sir, The Saladen

now has a black or  
very dark brown <sup>(no white)</sup> fully  
last Sunday week the  
30<sup>th</sup> - She is fair sized  
very fat and lively and  
does nothing but ~~fray~~  
as yet - She has my  
crooked hock but I  
look for it to come all  
right - and would be  
recognized as a Russell  
at once by any one who  
has seen as many as I  
have and the strong  
family likeness between  
them as I wanted
