

Twice that for him to show
the difference) @ Gentleman
from Pennsylvania has @
Peschon Horse bear at Brandy
& selling shares at hundred
Dollar each. until he gets
two hundred shares & then he
turns the Horse over to the
company making two thousand
for him I would not take any
of it) for, any purpose your
horse George is worth twice
that in my estimation when
I would give up two thousand
for any Peschon now I have
money to feed birds on
