C. B. Emory Esq.

Dear Sir,

Your letter of recent date received. Will you insure my mare, I weaned a colt off of her in the spring, and bred her to "Gannibal" she failed to catch, she is getting long in years. I know it is not your custom to insure, but my mare is a producer, and would probably do your horse good. I am not able to pay one hundred dollars and not get a colt, I think she would get with foal this fall. I have several good offers to breed, but I prefer your horse, I think I have stated the case in regards to my mare fairly.

Of course if you were to insure my mare it would be private, I am a stranger to you, I can give you all the reference you want,

Yours Resp^t.

Chas B. Lloyd,

Trappe, Md.
