Dear Sir

I have a well bred
mare I would like to breed to
your horse (Happy Russell) but I
am too poor to pay \$100 for service
of same and some of my neigh-
bors have mares that would breed
to your horse but are like my-
self are not able to pay \$100.
And though if I were to get
say four mares and send
to your horse you would make
a reasonable reduction for the
first colts at least and then
I would breed to your horse
