Mr E. J. Emory
Dear Sir

We send the "Stranger" mare
down to be bred to Happy Russell in place
of the one we had before with you. Would you
please have your man to open her, Would not
you be willing to take a chance & give
us a chance, The Grey mare I was showing
you the "Genl. Knox" mare, we think she
is going to have a colt, We will send her
down if you would be willing to breed
her to Happy Russell for \$50. & us not pay the
other \$50, unless both mares are positive in foal
but will pay the keep on them to the time we take
them away, the reason we offer the two is on
account of our anxiety to get a colt, please let
us hear from you Truly Yours
Jester & McDaniel
