My Dear Sir

Have just received your letter
and am so delighted at its contents
that I can not avoid answering at
once in order to express my very
great thanks and gratifications to you.
I think there is no better horse to
day than Happy Rascal, and now
that I shall own one of his colts, through
your kindness to me, you can well
imagine my appreciation.

Since you say the big mare is
in foal, I must assuredly agree with
you not to disturb her in any way,
