

Year when trying to talk farmers
into breeding to Dentonville,
several of them said, "If he
was a son of Happy Russell I
would breed a mare to him" So
you see the pleasant situation I
am in, I want to send over
for him soon as roads are better
am also deferring it from day to
day waiting for Flora (his dam)
come into season so I can send
her to Happy Russell - and make
one trip do both jobs - Am glad
the colt is improving and hope
we will get him sound, and that
he will fulfill my predictions
as a great 3 yr old.

Yours Truly
J. G. Stenners
