Dear Sir

My Russell colt will
be 8 months old next Saturday
the 17th and it has been weaned
from sucking about four weeks
and the old mares milk is nearly
all dried up now and she is
getting in fair shape

Come over some day soon and take
a look at the Russell filly and tell
what fee for Russell this season
and if ^{you} will be ready with
him ~~at~~ as soon as the mare comes
in shape

Yours George Jones
