

E. B. Emery Esq.
Crestville
Md.

race in Boston the next week
& from there to Nashville & Lexington.
I was getting so far from
"Dear Old Phillie" for me. I then
went to a burn stock farm, at
Massie's Crossing, Md. Forest Park
Stock Farm, owned by a man
by the name of Richardson. I left
it as soon as I arrived there, as it
was simply rotten. I then returned
to Philada. & went to work for
John Reamer, & stayed with him
until he returned from Lexington
& sold our live stock, for the past
month I have been taking care of
Corney owned by Bush, but he
has pulled off his shoes & turned him
out at Belmont, so I am out of job
& looking for another. (Corney was
owned by Tyson of Chester) If you have
an opening don't put me work with Old man
Bell.

Yours Very Truly
Joe. McShash.
