Frederick, Md. Nov 13<sup>th</sup> 1891

Mr Edward Emory

Dear Sir

Please let me

know if my mare has taken your horse. if not does she look as if she is in foal from last spring.

My father & I saw her when I was out to my horse when I was out. She was not tried at all afterward. One of my friends was when she went away that she was not in foal.

Yours truly  
D. V. Stauffer
