Jan. 8/31

My Dear Mrs. Emory,

I hasten to convey to you my deepest sympathy in the loss of that great son of yours.

It hurts me very much I can assure you to have to loose this boy. I am sure you do not know it, but he is the first boy I ever knew in Queens Annes County.

Well do I recall the many happy times with him and Ned down at Poplar Grove, when my father used to take me down there.

So we both loose much in all this, and I am very sorrowful over it I can assure you.

I shall esteem it a great favor if you will be so kind as to keep me in touch with the final arrangements as soon as you know them, that I may follow him to his last resting place, please.

So-again assuring you of my sincere and deepest sympathy, and praying that you may be strong in this, I am,

Very sincerely yours,

Milton
