Dear Sir

We beg to ask You how the chances are in regard to the coming forward of Your 35 Hickory Logs. - We know that Mr. Mitchell as well as Capt. Blunt have gone back on You, but could nobody be found to carry logs from Your neighbourhood to Baltimore? Mr. Willson paid \$5.- for the full freight for his logs, will You authorize us to pay the same if we can find a vessel? We are afraid that the logs may spoil if left lay too long in the sun. - We suppose the loading will be done from Your wharf and that the logs are there.

Truly Yours

E. Hayen & Co.
