Dear Mother:-

We have had quite an exciting time here today. Work was finished on Thursday & yesterday we packed off. Mr Davis went into Headquarters & came back this morning & informed us that we were ^{to go} up in the Territory to run in a little piece of location about thirty miles long. He said as they were not quite ready for us yet that we would be moved up on foot. Think of it - a hundred & twenty mile walk! I guess somebody will be pretty tired by the time we get there.

So we got to work & packed up. About 3 p.m. a man arrived from town with a telegram for Mr Davis.
