Dear Mother:—

I have been up against
an expense of all the afternoon + I
do not know whether I have sense
enough to write or not.

Things seem to be going wrong
some where. We have been through
work here for four days. + are do
not seem to be able to get
any information from head
quarters at all. + our chucks are
8 days over due.

One of the last orders we received
from the Division Engineer was
that the men should be served
black coffee every morning.
