

I can just imagine all the good things you will have for dinner. We will only have our regular cold lunch on time of boiled beans, cold potatoes, canned tomatoes & dried apple pie. I do hope sister has a good time in Philadelphia.

It must have been fine up at Romayton. I would have loved to have been along with you.

It has been raining ever since we left Little Rock. We have run eight miles of time so far and all of it has been through water from ankle to knee deep. I was wet to my waist all day yesterday.
