WESTERN OKLAHOMA RAILROAD

ENGINEERING DEPARTMENT

We have a hot lunch sent out out
 in the middle of the day.
 It has been beautiful weather.
 I have not had any coat on a single
 day out - much of the time.
 I have not stepped out. But maybe
 it does not get cold at night. I
 had to take all my water with
 me. I want to wash this morning
 & we have to wash out side.
 We have first rate grub. Lots better
 than I have had any where else
 this season. Of course we have
 a lot of grub - or as they say
 I have a suit sent to the James.
 Every thing is good. I have
 a lot of grub. I wish I was
 out all the time & you do not know
 half how much better I feel than
 when I was home.
