

one day that he had been married  
only a year & his wife died or  
that he was to have been  
married & the girl died. I did  
not quite understand but  
it was not a thing I could  
ask her about.

Now I have my leg to dress  
& all the fellows are in  
bed all day or I will have  
to say good night.

I hope sister's gift is better  
You have my love & tell her  
I will write in the next day  
or so

Yours  
Bernie
