

I am away out here. I just think
the Territory would not be half
wough to hold me.

I don't think it is a very good
thing for Sister to be trotting
around with people as old as
Miss Holliday & Miss McF.

She is rather inclined to be
a whole heap older than she
really is & it is a very bad
habit for any one as young as
she is to get in to such bad
habits. She ought to go away
with some one that is
real lively.

You make me hungry when
you talk about peaches going
to waste. I don't believe I
have had more than a dozen
this summer.
