

I do not remember ever  
having any thing to  
say to her. But she  
went with a pretty  
gay crowd. How did  
you come to get hold  
of her.  
Well its pretty near  
my birthday. This time  
about next I will  
probably be thinking  
pretty seriously of  
starting for home. That  
is if I do not get  
captured & have to  
come before. It does not  
occur so very long since  
I came out here. But  
then you see I have  
not had very much  
time to think about it.  
Long days are the  
only ones I count now.
