

some of the rock off on him.

I will have a party of three
besides my self. & I do not
see any chance of three
being any one with me that
I will not have to chuck any thing
they do. It is bad enough to
take care of ones own mistakes
but when it comes to being
responsible for other people it
is hard times.

Well I have not any news so
I can only write a short letter

Sincerely
J D
