Dear Mother:

It seems real good to begin starting my letters with August. And the day of August is done. I do not believe I know a single soul in the way of a fellow that I could ask to join party. They are all where they can not be gotten at. Brent Piman is a might nice boy. And I do not think he is at work at present. You know the first of September is Wednesday. ~~I think that~~ I will try to be home by the 19<sup>th</sup> if I go to Niagara & to see Mr. Davis. If I cut all of that out I will be back by the 15<sup>th</sup>. I had a letter from Jack a day or so ago part of which I enclose. I expect to meet him in
